## DEMAND FOR EX-KAISER CAUSES HOLLAND CONCERN

MAY EXHUME OTHER BODIES IN "MUSTARD MURDER" CASE

Dr. A. J. Freudenberg, Mrs. Nettie Duffies and the Duffies home.

Police officials of Marquette, Wis., are working on the theory that the arrest of Dr. A. J. Freudenberg may solve the mys-

tery surrounding the death of at least one other member of his wife's family. Dr. Freudenberg is charged with killing his mother-in-law, Mrs. Nettie Duffies, who died November 1, last year, by injecting a solution of mustard into her bladder. Mrs. Duffies' second husband, Alfred, died two years ago. Police are planning to exhume his body and the bodies of other members of the family who

have died within the last three years. Mrs. Duffies left an estate valued at half a million dollars to her daughter. Although Mrs. Minnie Willard, a nurse, testified before the coroner's jury that Mrs. Freudenberg told her she believed the doctor was responsible for her mother's death, Mrs. Freudenberg now says she will devote the entire fortune to clearing her husband.

First Duty to Protect American Troops In Transit, Says Daniels

If Senate Does Not Probe A Special Naval Board Will Do So.

(By Associated Press.)

Washington, January 19.—Complete investigation of Rear Admiral Sims' charges against the Navy Department's conduct of the war will be made by a subcommittee now inquiring into the award of naval decorations as soon as it completes its present task.

This decision was made today by the full Senate Naval Committee.

Chairman Hale said the committee could not complete its investigation of naval decorations in less than ten days and that the inquiry of Admiral Sims' charges would not be undertaken until the committee had made its report on the matter under consideration.

Unless the Senate investigation of Rear Admiral Sims' charges of failure of the Navy Department to cooperate fully with the allies during the war is made to the entire satisfaction of the American people, an inquiry will be made by a naval board, Secretary Daniels announced. He continued: "No organization in the history of the world ever did a better job than the American navy."

While refusing to discuss Admiral Sims' criticism, Mr. Daniels indicated that Admiral Sims frequently clash-

ed with the Department through his insistence that more destroyers be withdrawn from troop convoys to augment the anti-submarine forces in European waters.

The paramount duty of the American navy, Mr. Daniels declared, "was to protect the passage of American troops to Europe and the safeguarding of merchant shipping, vital as that was recognized to be, necessarily was secondary."

## LANSING TALKS TO CONFEREES FROM AMERICAS

The American Nations Accept Changed Conditions and Will Push Forward, He Declares.

Second Pan-American Financial Conference in Session.

(By Associated Press.)

Washington, January 19.—Welcoming the delegates to the second Pan-American Financial Conference on behalf of the United States government, Secretary Lansing today declared that the Americans accepted the burdens thrust upon the new world by the war and would press forward with confidence to the better days of the future.

The conference is a "new manifestation of the mutual interest and friendship which means so much to the common welfare of our nations," Mr. Lansing said. He declared that the first conference in 1915, summoned to discuss difficulties arising from European hostilities, marked a distinct advance in the development of constructive Pan-Americanism by trans-

lating the spirit of helpfulness into practical effort which contrasted boldly with the struggle across the seas.

"It is fitting," the Secretary of State continued, "that with the close of that conflict, when an exhausted world is groping amidst the ruins of past prosperity to find foundations on which to rebuild its shattered fortunes that our republics should again assemble in conference to consider the financial and economic problems of the new era and to devise ways of adjusting our lives and intercourse to the new conditions in harmony with the impelling spirit of Pan-Americanism."

"It is evident to all that the war and its waste of life and treasure have profoundly influenced the relation of the Americans to world affairs. We cannot avoid the new responsibilities to one another and to the world. We ought not to avoid them, even if we could. And I but echo the united voice of the Americans when I declare that we will take up the burden thrust upon us and with confidence press forward to the better days which lie in the future."

"In addition to the recognition of our duty to one another we have a greater mission, a world mission, to fulfill. The Americans stand for certain political and social ideals, which permeated our very existence as nations since we declared and achieved our independence."

## GRANTS REQUEST FOR PERMISSION TO TEST DRY LAW

(By Associated Press.)

Washington, January 19.—Validity of the federal prohibition constitutional amendment is to be determined by the supreme court which today granted the state of Rhode Island permission to institute original proceedings to test it and enjoin its enforcement in that state.

The permission was granted by Chief Justice White without comment or without fixing any time for hearing arguments in the case.

Efforts to Induce Former German Ruler to Surrender Voluntarily Will be Made.

NOTE AN OFFICIAL DEMAND

Holland Informed She Owe Surrender to Fulfill Her "International Duty."

Allied Note Insists Other Offenders in Germany Will Be Surrendered.

(By Associated Press.)

Brussels, January 19.—Deep emotion has been caused in Holland by the Allied demand for the extradition of former Emperor William of Germany, according to a dispatch.

Belief is expressed at The Hague that measures will be taken with a view to inducing him to voluntarily place himself at the disposal of the allies.

## TEXT OF NOTE MADE PUBLIC

(By Associated Press.)

Paris, January 19.—Holland is told in the Allied note demanding the extradition of former Emperor William that she will not fulfill her "international duty" if she refuses to associate herself with the Entente committed by Germans during the war.

The text of the note sent to The Hague was made public today. It says:

"In notifying by these presents the Netherlands Government and Queen of the text of Article 227 of the treaty of Versailles, a certified copy of which is annexed, which came into force January ten; the Powers have the honor to make known at the same time that they have decided to put into execution without delay this article.

"Consequently, the powers address to the Government of the Netherlands an official demand to deliver into their hands William of Hohenzollern, former Emperor of Germany, in order that he may be judged.

"Individuals residing in Germany against whom the Allied Powers have brought charges are to be delivered under Article 228 of the peace treaty, and the Emperor, if he had remained in Germany, would have been delivered under the same conditions by the German Government.

"Responsibility, at least moral, for all atrocities of the war reaches up to the supreme head who ordered them or made abusive use of his full powers to infringe or to allow infringement upon the most sacred regulations of human conscience.

"The Powers cannot conceive that the Government of the Netherlands can regard with less reprobation than themselves the immense responsibility of the former emperor.

"It is to the highest interest of the Dutch people not to appear to protect the principal authority of this catastrophe by allowing him shelter on their territory, and also to facilitate his trial, which is claimed by the voices of millions of victims.

(By Associated Press.)

Washington, January 19.—The state of Ohio today asked the Supreme Court to expedite considerations of appeals brought by George Hawke, an attorney of Cincinnati, to determine the validity of the Ohio constitutional referendum amendment. The question was involved in two proceedings instituted to enjoin state officials from submitting the federal prohibition and suffrage amendments to a referendum vote last November on the ground that the referendum amendment was invalid.

The trial court held the state amendment was valid and it was upheld by the state supreme court.

The senator said if there was any doubt regarding Ohio's real preference, he would be glad to have an expression by the state's voters in the primary election.

Senator Harding suggested Harry M. Daugherty, of Columbus, as the fourth Ohio delegate at large. The others of the state are former Governors Herrick and Willis, and Mayor Galvin of Cincinnati.

## GIVES ADDRESS TO LEGION MEN URGES ACTIVITY

State Organizer Indicates Fayette Behind in American Legion Activities.

Meeting of all Ex-Service Men Next Saturday Evening at Seven O'clock.

L. D. Bowers, state organizer of the American Legion, addressed a fairly representative body of discharged soldiers at Memorial Hall Saturday evening in the interest of putting the local post, the Hughes Post, No. 25, on its feet in accordance with the plans being put into effect in this state and all over the country.

In an effort to give momentum to the campaign to be started within a short time a committee was named by Vice Commander Rell G. Allen who will have charge of the reorganization work. The men composing the committee are Charles Willis, Burnett Hyer, Roy Tharp, Charles Allen, Ray Post. Mr. Willis was named chairman of the committee.

Mr. Bowers stated that in looking over the records at the state headquarters, he had noticed that Fayette county, with her many hundreds of former soldiers in the World War, was represented with one post of the American Legion and even this post had fallen down in any activity to make it a success and had failed to send any dues to the state headquarters. It was for this reason that a representative of the state headquarters was sent to Fayette county and the thing which Mr. Bowers succeeded in doing was to awake the local veterans to the fact that the Hughes Post had been neglected.

Several reasons for a compact organization of men discharged from the service were given by the organizer who dealt at some length on the issues presented to Congress regarding compensation, in its different forms, insurance and all other problems confronting the men discharged from the service of the late war.

By the vote of the men it was decided to hold a meeting of all men discharged from the service in the county on next Saturday evening at seven o'clock in Memorial Hall. Every man who had a part in the World War is asked to be present to take a hand in a matter that deeply concerns Fayette soldiers.

## BLOOMINGBURG INSTITUTE OUT OF ORDINARY

With a unanimous vote to bring the same talent back for the institute next year the Bloomingburg Farmer's Institute came to a close Saturday afternoon after being in session two full days. During that time the best speakers of the institute platform that the state is able to furnish were heard by large and attentive audiences. One of the features of the institute was the appearance of the many local persons who were heard with deep interest.

The old officers and executive committee were re-elected with the addition of Miss Pauline Haines to the executive committee. The officers are: R. G. Jefferson, president; M. L. Dickey, vice-president; J. N. Brown, secretary; H. A. Pinkerton, treasurer.

Miss Pauline Haines, J. E. Hopkins, Albert Haines, and C. G. Bitzer compose the executive committee.

Saturday morning the session opened with invocation by Rev. J. G. Laughlin followed by an address by H. P. Miller, state instructor on "Possibilities and Methods of Live Stock Improvement." His talk was very beneficial to the live stock growers. Hays Dill took up the discussion of the subject and handled it in a most satisfactory manner.

J. H. Dickason, state instructor of Wooster, gave helpful talk on "Mixed Farming." The talk was followed by a general discussion.

At the noon hour the ladies of the first Presbyterian Church of Bloomingburg served lunch to over a hundred persons.

At the afternoon session H. P. Miller talked at some length on "The Economical Feeding of Animals." His talk was highly instructive for the farmers of this section of the state. The subject was ably discussed by Hays Dill and several others.

Following the lecture by Mr. Miller, Howard Hegler discussed the problem now confronting the farmers, the county fair. He was assisted by George H. Hitchcock, Charles Allen, and H. W. Wilson.

Taxation issues and questions relative to the Farm Bureau were taken up by L. H. Goddard, secretary of the Farm Bureau.

H. A. Pinkerton led in a discussion that was taken up by several others.

J. H. Dickason, one of the leading speakers of the institute, gave the closing address of the session when he talked on a number of issues of interest to his audience. Although Mr. Dickason's subject had been announced as "Digging Dollars Out of Dirt" he said that he would rather talk on the things he had learned in speaking before the Bloomingburg Institute.

### For High Grade Investment

Beginning January 19 W. B. Ruggles, manager of sales for the Akron Maderite Tire and Rubber Co., will be in my office to give you any information you may desire in regard to the wonderful success of investments in the rubber industry.

The future offers even better opportunity because of the foreign demand and the wonderful increase of the automobile. The success of the rubber industry lies in the fact that every year the entire output is used, making a steady increasing demand. This week you can get with your 7% preferred stock a bonus of 50% of common stock. This means with an investment of \$500 you would own \$750 of the corporation's securities. It is a rare chance to be able to get the common stock, and as you are aware here is where the big money is always made.

Come this week and talk it over. I have thoroughly investigated this proposition and consider it worthy to recommend to my customers. Any banker in Akron, Ohio, or at Warren, Ohio, will bear out my statements. Your local banker will tell you of the success of the rubber industry. It speaks for itself.

## THRIFT DAYS ARE OBSERVED

Sunday was generally observed by the churches of this city as "Share With Others Day." It was one of the days of Thrift Week now being observed all over the country. Ministers founded their words on the slogan for the day "Bear Your Share in the World's Welfare."

Monday was given over to the life insurance men of the city. Life insurance men made a special effort to impress upon the people the life insurance plan. The slogan was, "To Be Secure, Your Life Insure." W. H. Brown headed the life insurance committee.

Tuesday will be "Own Your Own Home Day."

All thrift week days are being fostered by the committee with the idea of putting a stop to or making people pause to think of the extravagance which is so prevalent over the country.

Ashville claims one of the best teams in Southern Ohio. Their lineup consists of Messick (capt.) L. F. Baker, R. F. Oadaffer, C. Peters, L. G. and Mithoff, R. G. Any team should be proud of a line up like that. This is the most important game of the Y. M. C. A. to date. The local boys are practicing hard for this game and are determined to win. They will give their very best and assure their loyal supporters the very hardest of games.

The "Y" team in six games has won five and piled up 379 points to their opponents 158.

## LEAGUE PLANS TAKING SHAPE

Representatives of several surrounding towns gathered at the Arlington Sunday afternoon for the purpose of starting the movement to organize a baseball league to be known as the Ohio State League to be composed of some six teams.

Plans were completed that will very probably result in the formation of the league within the next two or three weeks. Greenfield is highly desirous of getting in as a member of the league. Captain Don Caldwell with Messrs. Cook and Doyle stated that they were prepared to make arrangements for entering the league on behalf of Greenfield. Doyle will probably play with Greenfield, in the event that the league is formed.

Little Dick Collopy of Springfield was at the meeting in the interest of piloting a traveling team. Collopy is highly favoring the league.

Frank Reichert was present in the interests of the Washington Athletics and gave his unqualified support of the movement.

Because of the condition of the roads Wilmington was not able to send a representative to the meeting but was in touch by telephone.

Because of the location of this city which is a pivot in the formation of the proposed league, the next meeting will be held at the Arlington Hotel next Sunday afternoon, January 25.

## Admiral Sims

Rear Admiral Sims, according to newspaper reports, has made some very sensational disclosures regarding the part our navy played in the world war.  
 The disclosures were made before a special committee of the Senate engaged in gathering material for a "probe" of the navy department.  
 Admiral Sims was the commander-in-chief of the American naval forces in European waters and so far as the public could ascertain the facts, discharged his duty capably and acceptably to our allies and in such a manner as to win the approval of the American public.  
 In other words Admiral Sims made good in war, but, like some of his illustrious predecessors in the navy, he has ruined his war record by his conduct ashore.  
 Some of the statements made by Admiral Sims, if he is quoted correctly in the news dispatches (and we all hope he is not) are absolutely silly.  
 The statement that he was told to "not let the English pull the wool over his eyes" and that "we would soon be associated with the central powers as with the allies" seems the height of nonsense.  
 Some irresponsible underling may have made some "fool remarks" or some one may have been jesting (on a private subject) with Admiral Sims, but that anyone in authority ever made such statements intending them to be taken seriously, no one will believe.  
 The only thing Admiral Sims has succeeded in doing is to fall crashing from the pedestal on which the public had placed him.  
 What a pity it is that he could not have kept to the straight course like General Pershing and other leaders in the army and navy have done.

## Clemenceau's Defeat

The defeat of Georges Clemenceau for president of France, as a matter of course, came as a complete surprise to the people of the world who appreciate, perhaps as much as the French people do, the tremendous work done by the great Frenchman as premier of the republic during the world war.  
 His herculean and successful efforts in the face of the most discouraging conditions, his almost continuous battle, during the dark days of adversity, with the faint-hearted and reactionary elements among the French will go down in history as among the greatest achievements of any man of any time. It was due largely to the courage and the vision of Clemenceau as premier of France that victory was taken from the grasp of apparently certain and crushing defeat. His countrymen have lionized him, and justly so.  
 Left to the French people the elections would have doubtless resulted in the overwhelming election of the great war premier to the presidency, but the French people do not elect their president as we do. Over there the assembly, the Deputies and the Senators, elect the chief executive. Conditions are about the same as they would be here if our Congress elected the president.  
 There is always, in every land, a jealousy of the executives held by the legislators—a jealousy which finds vent through different channels. In France it resulted in the defeat of Georges Clemenceau, the great outstanding figure of the war.  
 We should not charge his defeat to the French people. Frenchmen are as appreciative as are Americans, but legislators in France are not different, evidently, from legislators in America.

## POETRY FOR TODAY

### "THE NIGHT WIND"

A sound—not whispering mean nor sigh.  
 But smooth and soft and low and deep;  
 So sad, yet ceaseless in its croon,  
 Its croon, that sings the world to sleep.

The sound—'tis Night, and Night's great choir,  
 When Nature's harp-strings are at tune,  
 When Nature rests and all is still,  
 Breathes out its secret, plaintive croon.

One song, one tune, one vibrant strain  
 That Nature's choir breathes through the pines,  
 With patience, anguish, love and joy  
 All mingled in its softened lines.

The sound—'tis soft, and deep, and low;  
 'Tis whispering now; 'tis almost gone;  
 A sigh; a breath; a calmness still;  
 And Nature meets another dawn.

## Why Be Pale? Take Pepto-Mangan

Pepto-Mangan Increases and Enriches the Supply of Red Blood — Builds Strength

Restores Color and Appetite

Sold in Liquid and Tablet Form—Both Alike in Medicinal Qualities

Why do pallid, thin, listless, easily-exhausted men and women continue to make themselves, and those around them, unhappy by that condition when they can so easily overcome it?

Unless a man or woman is suffering from some serious, deep-seated ailment, a prompt remedy that will over come that continual tired, worn-out sluggish feeling is within easy reach. Pepto-Mangan contains just the elements needed to change thin, watery blood to good, red blood. Pepto-Mangan builds rich, red blood, enabling it to carry strength and vigor to every part of the body.

In a short time the great change is noticeable. The cheeks fill out and attain the wholesome, rosy complexion of health, the appetite returns, the eyes sparkle, the step quickens, the entire system is filled with renewed vigor.

Pepto-Mangan is offered in two forms, liquid and tablet. Both possess exactly the same medicinal qualities.

All druggists sell Pepto-Mangan. Look for the name "Gude's" on the package. If "Gude's" is not there it is not Pepto-Mangan.—Advt.

## AFTER TWO YEARS HE MADE REPORT

This Man, Now Living in Columbus, Took Dreco Two Years Ago, and Declares His Troubles Never Returned Showing Results were Permanent.

Suffered From Stomach Trouble, indigestion, Gastritis and Constipation.

We have many reports showing that the effects received from taking Dreco are permanent, and that it does not just boost you up while you are taking it. Dreco accomplishes its work by acting on the vital organs to restore them to healthy action, therefore, the good you get from Dreco stays with you.

"I have just moved to Columbus from Clarksburg, W. Va.," stated Mr. Thomas Rolands, in Mykrants' Drug Store, a few days ago, and seeing Dreco on sale here, came in to report my experience with it. Over two years I took Dreco for a bad case of stomach trouble. I was almost past going when I started to take it. All my food disagreed with me, causing severe pains, belching, acid risings,

gastritis and I was badly constipated. Dreco acted very quickly for me and relieved all of these troubles. In all of these two years I have not been troubled again which shows that Dreco gave me complete and permanent relief."

Being a natural herb medicine, Dreco acts in a natural manner by restoring the organs to healthy action, and not by exciting them and forcing action. This makes permanent results. Dreco arouses a sluggish liver to full action, strengthens the kidneys, aids the stomach in carrying its load, overcomes constipation, increases the appetite and induces sound sleep. Dreco is a vegetable remedy, made from roots, herbs, barks and berries.

All good druggists now sell Dreco and it is highly recommended in Washington C. H. by Frank Christensen. Adv.

The railroads are indispensable to our whole economic life, and railway securities are at the very heart of most investment, large and small, public and private, by individuals and by institutions. WOODROW WILSON

THE war could not have been won without railroads. Transport—by rail and sea—is an indispensable arm of national defence.

Carrying capacity, from the wheat fields and the mines and the steel mills to the front lines in France, was the measure of our power in war.

And it is the measure of our power in peace.

Industrial expansion—increasing national prosperity—greater world trade—are vitally dependent on railroad growth.

The limit to the productive power of this country is the limit set by railroad capacity to haul the products of our industry.

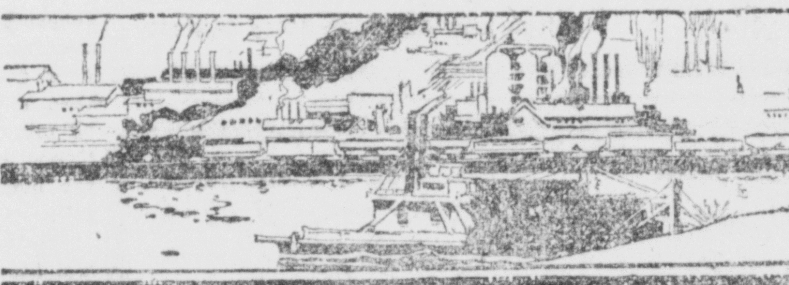

The amount of freight carried on American rails doubled from 1897 to 1905—since that year it has doubled again.

It will double still again.

To haul this rapidly growing traffic the country must have more railroads—more cars and engines—more tracks and terminals.

Sound national legislation, broad-visioned public regulation will encourage the expansion of railroads, without which the nation cannot grow.

### SOCIAL : PERSONAL MENTION : CLUBS

A meeting of Miss Elsa Craig's Sunday School Class of Grace M. E. Church was held at the home of Miss Dorothy Dick Saturday afternoon.

The annual election of officers was held. Dorothy Dick, President; Ruth Haines, Vice President; Marie Moore, Secretary, and Nellie Taylor Treasurer.

After the business meeting the remainder of the afternoon was spent socially and delicious refreshments were served.

Friends and neighbors of Mr. and Mrs. Fred Conner, of the Jeffersonville pike, who returned from their wedding trip last week, gave them a delightful surprise Saturday night.

Despite the inclement winter night close to forty gathered at the Conner home showering the bride and groom with good wishes. The evening was one of much pleasure, with refreshments served from the baskets of the visitors, supplemented by the host and hostess.

Mr. and Mrs. H. B. Dahl entertained Saturday evening at a beautiful six o'clock dinner, characterized by perfect appointments. Seated with Mr. and Mrs. Dahl were Mrs. Frank L. Stutson, Mr. and Mrs. H. Renick Boggs, Mr. and Mrs. Willard S. Willis, Misses Fanny and Nina Dahl, Mr. Webster C. Mathews, of Columbus.

domiciles of the king of Spain it was all up with his kingship.

He did go so far as to stipulate that in the event of a refusal the lacerated feelings of the fairer half of creation were to receive no kiss by the gift of a silk gown and a kiss. And bear in mind, young man, a silk gown these days means something. Two silk gowns equal one acceptance.

Possibly the male element was less subjective these days, for most will admit that choosing a life partner now is a woman's game and a man isn't a ghost of a chance. So this year is the time to clinch the matter. If old D. C. has singled out a thoroughly satisfactory specimen or you have done so, unaided, pose the question.

Everyone knows there is more or less competition under ordinary circumstances. This year the hazard is greater. It is a sign of emancipation of women and her reactionary attitudes, so if you feel pretty certain you won't be turned down, take the final step. Be not intimidated by fear of exposure, for no record of fines has ever been kept nor are the lists of those courageous ones who took matters in their own hands available.

The delicate privilege seems to have an unknown origin, although legend has it that no less a person than St. Patrick took the matter under advisement.

While perambulating along a bog one day the story goes, he was accosted by St. Bridget, who spoke on behalf of the "opposing" sex, and although strictly against his stern principles, he conceded by proposing that one year in every seven should be set aside for the gallant undertaking.

This met with wordy opposition and in the ensuing discussion he increased the opportunity by making it come every four years.

Now is the crucial time and four years hence is a long wait. With man himself admitting your capabilities and several hundred years to substantiate your rights, why balk? — Ohio State Journal.

Columbus, O., January 19.—A new taxation program sponsored by rural members of the legislature was in prospect today. The House and Senate will meet at five o'clock.

# SUNDAY SERVICES AT M'NAIR CHURCH

The Sunday services at McNafr Presbyterian church Sunday were full of inspiration and good things. Evangelist Z. E. Irvin's sermons were above the standard. There was a large Sunday school and the house was well filled for the morning service.

A large crowd was present at the evening service when Evangelist Irvin preached on "The Crucifixion." It was a word picture in its most vivid form of the crucifixion and events leading up to it and the truths presented will linger long in the memory of his hearers.

The duet by the Misses Lillian and Edith Barnes was very enjoyable.

Tonight at 7:30 the Evangelist will use for his topic "The Biggest Little Word in the Bible." Special music by the choir. You are invited.

# REVIVAL SERVICES

Revival services of great interest have been in progress at the Christian Union Church on Gregg street, for the past week.

The gospel message is being presented each evening in forceful sermons by the pastor, Rev. J. W. Sylvester, who is assisted by Evangelist Russell.

Rev. Russell's work has been among the mountaineer people of Kentucky for a number of years and it was under his ministry that Sergeant York, America's greatest war hero, was converted.

The meetings will continue all this week. The public is cordially invited. Special music each night.

# RURAL CARRIERS HAVE DIFFICULTY

Rural mail carriers of the local office experienced much difficulty Saturday when traveling their routes due to the slippery condition of the roads. Almost every man experienced some difficulty by sliding off the road on numerous occasions, one or two had to be hauled in, and two carriers upset their Fords.

Oran Ellis, route 4, slid off the road and into a telephone pole. His car was badly damaged and the telephone pole was broken off. Ellis was not injured.

Ed Neal, route 8, went off the road in his Ford delivery car and bent the radius rod.

Harry Wyatt, route 9, got off into a field and was pulled back on the road. Owing to the warm winds the condition of the roads was much improved Monday and the carriers had little trouble in making their routes in the usual time.

# MANY ACCIDENTS ON ICY HIGHWAYS

Saturday and Sunday there were many accidents, none of which were serious so far as can be learned but a large number of automobiles went into the ditch, or turned end for end in a twinkling, to the bewilderment of the driver.

So glassy were the roads that it was almost impossible to keep a vehicle on the surface.

The sidewalks were in such dangerous condition that pedestrians kept to the rough portion of the streets, and in the face of this precaution a great many sustained falls which resulted in painful injury.

## THE SAFEST ASSET A MAN CAN OWN IS HIS HOME.

You are paying for your home now if you are paying rent. Not only that, but you are paying a profit to the owner of the property. It isn't good saving to be a renter. You are asked to take stock this week of your assets, your liabilities and the things you are doing, because this is

## NATIONAL THRIFT WEEK

One day has been set apart that you might consider the advantages of home ownership, the saving you may make by investing your money in your home. It puts before you the question of whether or not you should pay this profit to the landlord, or whether you should determine that you will pay it to yourself, whether your ambition in life is to accumulate a bundle of useless rent receipts or to own the place you live and pay yourself.

## Own Your Own Home Day, Tuesday, Jan. 20th

Anyone of good character who is determined may own his home. It requires denial sometimes; it requires thrift at all times.

But with the money waiting for sound investments in this country, it is always possible to secure a mortgage that will enable you to pay for your home in installments as you now pay rent. That mortgage is no more of a debt than you have now. You are faced with the debt of monthly providing your family with a place to live, and unless you own your home you are absolutely bound to that debt just as though you owned a place and had a mortgage on it.

Home owning means thrift. It means more than that—it means pride of ownership. It brings to the family a standing that they cannot have otherwise. It ties them together with bonds of more than family affection.

A nation of home owners is always a thrifty

nation, a sound nation, a prosperous nation. Landlordism is necessary, and nothing is to be said against it, but it is of advantage only to the landlord.

Make up your own minds to the government's program for this week. Include in it the ambition to own your own home. The three great points of the program are:

### Invest Wisely

Government securities are the best investment for the individual, because they are perfectly safe, easily converted into cash, are tax free and pay good interest.

Savings Stamps invest sums slightly less than five dollars, and return 4.27% interest.

Treasury Savings Certificates in \$100 or \$1000 denominations return the same interest.

Treasury Certificates of Indebtedness may be had of the banks.

Government bonds are always good purchases.

Invest your money in government securities.

1. The increase of individual production in order to increase individual earnings.

2. The definite saving of a part of the income in order to increase individual wealth.

3. The safe investment of the savings in order to secure the results of thrift.

Invest your money in government securities until you have enough to build your home. Determine upon this home. Resolve to begin this saving. Build a bulwark between yourself and future want.

## SAYS HUSBAND CAN SEE A BIG CHANGE IN HER

Benefits This Woman Gained on Voia-Tonic are Easily Notified.

Although Mrs. Mary Bonner, of 737 Clark street, Cincinnati, O., has been taking Voia-Tonic, "Builder of Strength," only a short time she is so much improved that she says her husband can see a big change in her.

"I know I feel a lot better and the fact that my husband can see such a big change in me is convincing proof of the work Voia-Tonic has been doing in my case," Mrs. Bonner said. "My stomach troubled me and I also have been nervous and run-down for a long time," she continued. "I had indigestion and constipation and gas always formed on my stomach after eating. I was constipated so badly that I had to take laxatives all the time."

"Now, consider that I have only taken one bottle of Voia-Tonic and then see if you don't think what the medicine has done in my case has been unusual. "The constipation is gone. I do not have to take laxatives at all now. The indigestion is much better also and I am never troubled with gas on my stomach after eating. My nerves, too, have been greatly improved by Voia-Tonic and I notice that I have been built up all over."

"My husband says he can notice a big change in my condition and that is convincing proof that the medicine has done me a great deal of good."

"It is a real pleasure for me to recommend Voia-Tonic to everybody who is suffering as I did."

## TOO WEAK TO DO ANYTHING

A Serious Feminine Illness Remedied By Lydia E. Pinkham's Vegetable Compound.

Casco, Wis.—"After the birth of each of my children I had displacement and was so weak I couldn't do anything."

I found a book about Lydia E. Pinkham's Vegetable Compound so I thought I would try it, and after taking it I soon felt better. That was fifteen years ago and I have felt well ever since except that I had a slight attack of the trouble some time ago and took some more of your Compound and was soon all right again. I always recommend your medicine and you may publish my testimonial for the benefit of other women."

## KEEP LOOKING YOUNG

It's Easy—If You Know Dr. Edwards' Olive Tablets

The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you ninety per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years.

Dr. Edwards' Olive Tablets, the substitute for calomel, are gentle in their action yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color. 10c and 25c.
